OBJECTIVE

Recent graduate with strong problem-solving and communication skills, seeking an entry-level role at a reputable organization to learn, contribute, and grow, utilizing these skills for impact.

EDUCATION

Bachelour of Technology, N.B.K.R.I.S.T Jun 2024
Electrical and Electronic Engineering. CGPA: 8.0

Board of Intermediate, Sri Chaitanya Jr Collage Jun 2020
Maths, Physics And Chemistry. CGPA: 9.38

TECHNICAL SKILLS AND INTERESTS

Languages : Basics of Python, Basics of HTML & CSS
Web Dev Tools : Vs Code, Github
Operating System : Windows 11
Area Of Interest : Web Design & Development
Soft Skills : Problem solving, Self-Leraning And Adaptability

EXPERIENCE

Full Stack Web Developer - Virtual Internship Jan 2024 - May 2024
Slash Mark- AICTE and APSCHE

- Learned how to create the structure (HTML) and style (CSS) of web pages.
- Understand client-side scripting for interactivity and dynamic content on the user's browser.
- Learned to interact with databases (e.g., MySQL and MongoDB) and understand basic database design principles.

Front End Web Developer- Virtual Internship Jan 2024 - March 2024
Motion Cut - AICTE

- Learned the fundamentals of HTML and CSS for structuring and styling web pages.
- Gained proficiency in JavaScript, a programming language that enables interactive and dynamic content on websites.
- Developed a dynamic web application, utilizing HTML, CSS, and JavaScript.

PROJECTS

Analysis of the Impact of Electric Vehicle Charging on Power Quality Issues Jan 2024 - May 2024
Main Project

- The analysis examines the influence of Electric Vehicle (EV) charging stations on power quality, delving into potential issues such as voltage fluctuations and harmonics.
- The study aims to optimize the integration of EV charging infrastructure without compromising overall power quality.

Installation of Lightening Rod and solar panel campaign Sep 2022 - Feb 2023
Community Service Project

- Ensure safety and protection by installing lightning rods on structures to divert lightning strikes, safeguarding against potential damage and ensuring occupant safety.

- Empower sustainability with a solar panel campaign, promoting the adoption of renewable energy sources to reduce carbon footprint and contribute to a cleaner and greener environment.

Online Code Editor

Feb 2024

Website

- A code editor is a software tool designed for writing and editing source code of computer programs.
- It provides features like syntax highlighting, code completion, and error checking.
- In this project I implemented four languages for writing and editing source code i.e, Python, Java, C++, C - sharp.

ACHIEVEMENTS

- Attended Two Days workshop on “Introduction to Battery Technology & Modelling of Battery System” by Skill Lync. Jan 2023
- Course completion on “Data Base Management System” by IIT Kharagpur. Sep 2023
- Course completion on “Soft Skills” by IIT Kharagpur. Oct 2023
- Career Essentials in Generative AI by Microsoft and LinkedIn. Jan 2024

HOBBIES

- Learning New Things
- Playing Online Games
- Playing Cricket

DESCRIPTION

I hereby declare that the information furnished above is true to the best of my knowledge. I assure you that I will be responsible for its accuracy.
